1775-1945: Historic Fashions Calendar 2001 (Historic Fashions Calendars):

Historic Fashions Calendar Series is a book-on-the-wall featuring a different costume collection each month. -- Sally Queen About the AuthorThe calendar introduction and overview is by Patricia Cunningham, PhD. Dr. Cunningham is a professor at Ohio State University and a noted author and speaker on fashions -- past and present. Her excellent overview of fashions during the seven periods of war times from 1775-1945 sets the tone for the months to follow. Curators from the twelve featured military and costume collections add their text to the months.
