(Read now) Effanbee A Collector's Encyclopedia 1949 - Present (Rev. Edition)

## **Effanbee A Collector's Encyclopedia 1949 - Present (Rev. Edition)**

**John Axe : Effanbee A Collector's Encyclopedia 1949 - Present (Rev. Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Effanbee A Collector's Encyclopedia 1949 - Present (Rev. Edition):

2 of 2 people found the following review helpful. feel it was a waste of moneyBy LeighsaI feel this was a waste of my hard earned money. I expe ted this book to be full of photos of the Effenbee dolls produced by the company from 1949 to present, as well as descriptions, prices they sold for at the time of production. VERY disapointed in this item, shows more like a very small photo on which seems to be acopy of a store flyer. not worth the money at tall.0 of 0 people found the following review helpful. Effanbee A Collector's Encyclopedia 1949 - Present (Rev. Edition)By LindaThis book is very informative as to the history of the company and the dolls, but I did expect it to be more like the other doll books I have purchased. I was very disappointed that the pictures were not of actual dolls from people's collections done in color. The black and white photos of past brochures and salesmen's photos at the time was a big disappointment to me. I love to see dolls pictured in their original costumes and in color. That is something most of us

love to see in a doll book. If I had run across this book in a book store and could have thumbed through it, I probably would not have purchased it. Other than the photo aspect, the book is nicely done. 0 of 0 people found the following review helpful. Five Stars By Paula Stone Great Book-Great Seller!

Newly revised edition completes the era 1949 thru 1996! Revised material features the 1994 thru 1996 dolls. Complete presentation of the very popular Legend Series and the Effanbee Limited Edition Fan Club Dolls. This book is a rich resource photographic guide with 450 plus photographs. 312 pages.
