Not sure why they would choose something that doesn't really reflect the majority of her work. I didn't know this jeweler/designer but I saw the book and thought worthwhile to have in my collection so purchased. This person deserves more recognition for her work.0 of 1 people found the following review helpful. This book gives great insight into this artist as a creative person.By Lois M. BoardmanI was struck by Elisabeth's work, her creativity, and the lovely person she is. A must for any one. The publisher certainly has captured not only her life story but her essence of being.

This publication presents the unique work of Elisabeth Jesus Defner- jewelery in a previously unknown style: a unity of man, nature and cosmos.
