Emily Rocks!By AngelGI've been wanting to get this book for a long time. As a children's story writer (and cat lover) I was very intrigued by Emily's darker allure. Definitely loved my introduction to her! Quirky, dark, fun, clever, and of course, original. The fact that Emily is also wicked smart only makes me love her more! I will be getting more of her tales soon.The images in the book are also fantastic--drawing on Emily's personality well..0 of 0 people found the following review helpful. Emily and her posse of black cats are back for another year of mysterious fun.

About the Author Emily the Strange is created by Rob Reger and his company, Cosmic Debris Inc., based in San Francisco. Rob and his co-illustrators began their Emily drawings in 1992 in Santa Cruz, and they were a hit with the local skateboarding crowd before taking over the west coast. (Loyal San Francisco distributors of Emily include Villains on Haight and the Sony Metreon Center.)
