## English Embroidered Bookbindings

**Cyril Davenport : English Embroidered Bookbindings** before purchasing it in order to gage whether or not it would be worth my time, and all praised English Embroidered Bookbindings:

9 of 9 people found the following review helpful. Where are the illustrations?By Jill MaddenThis book is available at The Project Gutenberg, however I wanted a copy on the Kindle that I could carry with me. The useful text is all there, but unless I'm missing something major, the illustrations that are so helpful in understanding and appreciating the work are missing. What a waste. At least it was only a few dollars. I think needs to make note when illustrations are missing,

especially when the publication is about the items being illustrated.0 of 0 people found the following review helpful. A book about embroidery needs illustrations.By Christine EhrenHow can a book that discusses needlework not contain some illustrations? I am reading this in an e-reader. Maybe there is a print version somewhere that still has pictures. God I hope so. Imagine discussing Michaelangelo's David without pictures. Well, there's a nude boy with a sling. He's very tall. He's carved of stone.1 of 1 people found the following review helpful. No illustrationsBy L1Not worth the time to download without the illustrations. I am sure it would be wonderful with illustrations. It doesn't make sense to read work that refers to details in the illustrations when the illustrations aren't there.

Detailed descriptions of historic artwork, in the form of English bookcovers dating from the 13th to 18th Centuries. This is a modern reprint, with all 51 original illustrations. It is not a facsimile.
