Famous Airliners

William F. Mellberg : Famous Airliners before purchasing it in order to gage whether or not it would be worth my time, and all praised Famous Airliners:

1 of 1 people found the following review helpful. A must read for aircraft buffs.By A CustomerThis isn't for the casual reader, but anyone with an interest in this subject will enjoy it. Mr. Mellberg has written a fabulous book about a subject that he clearly loves. Maybe they could use color pictures in the next edition

famous airlines traces the development of commercial aircraft through the stories of more than forty of the most important airliner models. included are such pacesetters as the lookheed vega, the douglas dc-3, the lockheed constellation, the boeing 707 and 747. and the airbus a300 and a320 as well as the visionary men and women who created the world's most advanced transportation system
