Farmall Calendar 2013

Lee Klancher : Farmall Calendar 2013 before purchasing it in order to gage whether or not it would be worth my time, and all praised Farmall Calendar 2013:

Sure the specs are online but this was a gift for someone and I didn't pay attention. When this arrived it was poster sized and perfect condition. Thanks . My dad was a happy man this holiday season as he's been looking for a calendar with antique tractors and was ever more surprised and happy when he saw it was Farmall!0 of 0 people found the following review helpful. Farmall and InternationalBy KemCalender includes some International tractors as well, which is fine by me. Pictures are good enough to frame. Quick shipping. No calendars were available at my local department store this year except for calenders displaying flowers and children, forget that, I'll take Farmall over that nonsense anytime. Great calender. Thanks.0 of 0 people found the following review helpful.

Five StarsBy Dave GustafsonGreat picture quaily

The beauty of the farm and its machinery take center stage in this sumptuous calendar featuring Farmall's finest collectible tractors in beautiful settings. With tractors from some of the premier collectors in America photographed under the stars, on the farm and in the shop, this calendar blends the latest in photography techniques including HDRs, light painting, and night shots with some of the most collectible farm tractors on the planet. This year's calendar features a large selection of machines from the muscle era as well as the classic favorites from the first part of the 20th century.

About the AuthorBorn and raised on the banks of the Brill River in northern Wisconsin, books are a life-long passion for author Lee Klancher. Lee has photographed the Farmall Calendar for many years and has authored more than 14 books, including The Farmall Dynasty, The Adventurous Motorcyclist's Guide to Alaska, The Tractor in the Pasture, and Motorcycle Dream Garages. His work includes photographing farm tractors as well as adventure travel features for books and magazines. Lee s work appears regularly in motorcycle and travel magazines. Lee s other interests include off-road motorcycling, racquetball, mountain biking, dive bars, college hockey, and the Green Bay Packers.
