It was great to see the film posters, but I think I expected they could more easily be removed and collected. With the front-to-back format, that's impossible to do. Some posters were tiny, some were two pages, and some were much more risqu than I expected, but it's still a nice stroll down 70s movie lane!0 of 0 people found the following review helpful. Awesome! The iconic film posters of the 70s. The 70's gave the world "Star Wars, Grease", "The Godfather", "Mad Max", "Alien", "Taxi Driver", "Texas Chainsaw Massacure", "Halloween", "Rocky" and a very blood thirsty shark who changed human perception of sharks for decades to come named "Jaws". These films along with other greats fill this

book. Roger Moore also took over from Connery as James Bond and Clint Eastwood made a heap of Westerns. Find them here as well.
