Fine European Gunmakers: Best Continental European Gunmakers Engravers

Marco Nobili : Fine European Gunmakers: Best Continental European Gunmakers Engravers before purchasing it in order to gage whether or not it would be worth my time, and all praised Fine European Gunmakers: Best Continental European Gunmakers Engravers:

0 of 0 people found the following review helpful. Wonderful customer service /good buyBy Beverlee KutnerWe needed this book as a gift for a friend. The price was far better than Barnes and Noble. Book arrived with a torn binding -called customer service and they immediately sent a replacement copy (and a mailer to return the original book). It was an excellent transaction and we are more than pleased.By the way - the book is everything the receiptient wanted. Informative, good pictures, worth the price.0 of 0 people found the following review helpful. Nice pictures and informative text on thoseBy Sondre NordliFocuses almost entirely on italian gunmakers. Nice pictures and informative text on those, though.0 of 0 people found the following review helpful. A valuable survey of some of the best contemporary armsBy hemishrBeautiful illustrations of some of the best contemporary European arms. Well illustrated with interesting, but not very detailed commentary on current design and production.

This book brings to life in words and pictures the finest sporting guns from continental Europe.
