(Read free ebook) Fine Gunmaking: Double Shotguns

## **Fine Gunmaking: Double Shotguns**

**Steven Hughes : Fine Gunmaking: Double Shotguns** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fine Gunmaking: Double Shotguns:

2 of 2 people found the following review helpful. Mostly devoted to woodBy ColBuckshotA good book, extensive coverage of the woods involved in making a fine gun,although Turkish walnut was not mentioned. Good pics but most in BW.Modest amount of coverage of metal parts and mechanical design, mostly finish and engraving.If your interest is in wood primarily then this is a very good book.1 of 1 people found the following review helpful. Five StarsBy scottGreat book for a great price.1 of 1 people found the following review helpful. Great book on double shotgunsBy Jay Gamberiniafter reading S D Hughes book I bought an old Fox Sterlingworth(1912) and restocked, reblued, and lengthened the forcing cones. It's the best fitting gun I've ever owned. There's nothing better than an old classic double.

Here is an in-depth look at what goes into creating some of the world's finest custom shotguns. One of the top custom

gunmakers in the United States invites you into his shop, giving you a feel for the craftsmanship and detail that goes into a truly great shotgun. If you love custom shotguns, this book shows you what goes into their creation. It's a must for every collector's bookshelf.
