Ford Mustang (First Gear)

Brad Bowling : Ford Mustang (First Gear) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ford Mustang (First Gear):

0 of 0 people found the following review helpful. Four StarsBy Richard W. GonzalezGood book.....great info pictures1 of 1 people found the following review helpful. Interesting Mustang factsBy Michael C. NicolìaThe book is pretty good. It's not like you can't swing a dead cat around and hit someone that has seen, owned, driven, read about, or restored a classic Mustang. The book was well done and the pictures were worth the price... however, some basic information was lacking: like why the 4bbl 351C was unable to have the RAM AIR option (Ford cheated and turned in the 2bbl numbers... Opps... and got caught by the Feds) - makes for a bad day. Nice book, needs more of the 5th generation in it.0 of 0 people found the following review helpful. Decent book, but mine arrived in piecesBy Greg PThe contents of the book are pretty good. I've found several errors, but nothing major. The reason for the low rating is because the book arrived in pieces. The book wasn't bent; however, the binding was completely separated. When I get a chance I'll try to glue it together.

Over 60 of the hottest and most popular production, high-performance, and racing Mustangs are profiled in Ford Mustang. From the early coupes and GTs to today's newest Shelby, the fastest and most unique pony cars are included in this history of the Mustang nameplate. Profiles of cars from every generation, including the Boss 302s, Mach 1s, and more, include full-color detail and portrait photos, a short history of the car, performance specifications, and trivia. Whether you're a lifelong Mustang fan or just getting to know the great American performance machine, you'll enjoy the depth and variety of Ford Mustang.

About the Author Brad Bowling has been writing about and photographing Mustangs since 1985. He has been the editor of Mustang Times, public relations coordinator for Saleen Autosport, associate editor of Mustang Illustrated, editor of Old Cars Weekly and director of Web site development for Charlotte Motor Speedway. The author of 12 previous automotive books, Bowling lives with his wife Heather in Concord, North Carolina.
