**Chronicle Books LLC Staff : Fosforos Cubanos: 24 Collectible Postcards (Redstone Matchbox Number 5)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fosforos Cubanos: 24 Collectible Postcards (Redstone Matchbox Number 5):

Often the printing dots show because of the enlargement factor, and the printing was fairly low quality to begin with. Also some of the originals were a little worn.I only wish the paper was a little firmer. I worry about sending the cards internationally, but I have done it and they got there.
