Fourteen Families in Pueblo Pottery

Rick Dillingham : Fourteen Families in Pueblo Pottery before purchasing it in order to gage whether or not it would be worth my time, and all praised Fourteen Families in Pueblo Pottery:

Like others who had remarks on the internet about it I was amazed at the number and quality of photos. I have seen large displays of American Indian Pottery at trade shows and the book is is like having an exhibit in my own home. It is a wonderful find. I hope there are more copies out there so other people can have the same wonderful experience.4 of 4 people found the following review helpful. Gorgeous PicturesBy Ken RiderOthers have already talked about the range of pottery that is detailed in this beautiful book. What stands out for me is the incredible quality of the pictures and the 5 stars reflect that. I'm pretty finicky when it comes to the way art is presented in picture books. The plates in this book are outstanding, both in terms of the color and the size. Some books will show multiple pictures on a single page, with images that are too small to let you to fully appreciate the pieces that are being displayed. No worries about that here. It's strictly one picture per page with beautiful photographs throughout. If you appreciate Pueblo pottery, you will be WOWed by the way it's represented here.0 of 0 people found the following review helpful. it's still a very usefulBy BleekerThough now a bit out of date, it's still a very useful resource

Book features pottery and clay arts from the families of the Pueblos of New Mexico and Arizona. Over 100 color illustrations / photographs of Native American Indian pottery, bowls, vases, pots from Hopi, San Ildefonso, Acoma,

Santa Ana, Santa Clara, Zia and other Pueblos. Photographs of potters, members of the families. Includes maps, genealogy charts. Softcover.
