Rug Weaver's Source Book

Linda Collier Ligon : Rug Weaver's Source Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Rug Weaver's Source Book:

1 of 1 people found the following review helpful. Weft faced rugBy Cheryl RichardsonWonderful resource for rugmaking. I just finished a point twill weft faced rug using my handspun yarn and it turned out beautiful. The book has great tips for designing your rugs depending on the materials and patterns you want to use3 of 3 people found the following review helpful. Perfect reference book for rug weavers!By Sharon KromkaI had never woven a rug before and am looking forward to starting my first project. This book starts from the beginning and in great detail, explains how to weave a rug, many different kinds of rugs, what tools, looms to use and what kind of yarn. Very detailed and easy to read with illustrations. Great book!!2 of 2 people found the following review helpful. Good reference bookBy Michele G.This book contains a lot of info on different types of rug weaving techniques. Each technique is well explained by an expert in that particular technique. I'm glad I added this book to my weaving library.

Eight rug weavers tell in detail how they go about doing what they do. Covered are design, materials, edges and tension, and finishing. A rug illustrates each subject.
