Rug Weaving for Everyone

Osma Couch Gallinger, Josephine Couch Del Deo : Rug Weaving for Everyone before purchasing it in order to gage whether or not it would be worth my time, and all praised Rug Weaving for Everyone:

A bridge between New Key to Weaving and Peter Collingwood. 4 of 4 people found the following review helpful. Historically important content, difficult presentation By Karen Tiede I do wish the publisher had provided a bit more information about this book in the description. I will keep my copy, and it is useful, and the cover image is bizarrely unconnected to the content. It's not clear to me why the scanning process introduces so much blur; was the original truly that bad? Because of the blur, many of the illustrations are close to useless. Like other public domain content books that have been reprinted, the content anticipates that the reader has a pretty good understanding of the field. A similar book written today would explain a great deal more. Rug Weaving for Everyone is currently selling for about \$30. Buy Collingwood first, and then let RWWF round out your collection. You might want to note that my fellow reviewer apparently thinks every weaving book ever produced is a five-star. I envy his/her library. My own weaving library has some duds that don't warrant five-star reviews. 3 of 5 people found the following review helpful.
