Sailors in Forest Green: USN Personnel Attached to the USMC (U.S. Navy Uniforms in World War II)

Jeff Warner : Sailors in Forest Green: USN Personnel Attached to the USMC (U.S. Navy Uniforms in World War II) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sailors in Forest Green: USN Personnel Attached to the USMC (U.S. Navy Uniforms in World War II):

1 of 1 people found the following review helpful. Great Book, but with one small problemBy Rucksack RobThe book is excellent. The photos and details of each item are outstanding with many pieces of gear and uniform not seen anywhere else.But... nothing burns my butt more than paying \$60 - \$80 for a book that's printed in China. C'mon Schiffer... are you going to tell me you can't find anyone in the U.S. that can print that book for the same price? (that's the reason I've stopped buying so many books from Schiffer (and I have quite a few), who other than that, have the

best books in the business, PERIOD.)If it was printed in the U.S.A. , it would have received 5 stars.0 of 0 people found the following review helpful. I would recommend this book to anyone looking into portraying Marines and ...By Joseph MarinelloI took up an interest in portraying a World War II combat Marine a couple of years ago and needed sources to help me on what a marine infantryman carried during the campaigns across the pacific. This book goes above and beyond my expectations as far as knowledge of what the Marine/Naval personnel assigned to the fleet wore and used as part of the everyday task. The information is helpful and the pictures of uniforms and equipment used are also very helpful. I would recommend this book to anyone looking into portraying Marines and Sailors of World War II.0 of 0 people found the following review helpful. Great military referenceBy Steven Pliceexcellent book both in description and photo reenactment. Great actual photos used also. Wish they had gained more info and would do a "book 2".hint, hint..

Sailors in Forest Green is a detailed examination of the uniforms and equipment used by Navy personnel attached to the U.S. Marine Corps during World War II. Navy hospital corpsmen, Seabees, combat photographers, demolitions experts, and many other Navy specialists served with USMC units from 1941-1945. This subject is often overlooked today. Sailors in Forest Green is the first book of its kind to address this previously unexplored and fascinating topic. It is lavishly illustrated with over 800 previously unpublished archival and contemporary photographs, documents, and dramatic reconstructions. Both U.S. Navy and Marine Corps uniforms are highlighted, including officer and enlisted dress uniforms and insignia, combat and fatigue uniforms, camouflage, field gear and experimental equipment. Additionally, gas masks, medical supplies, and explosives are featured as well. Anyone with an interest in World War II militaria will marvel at this new and exciting breakthrough!
