An added section (for sewers) shows how to thenmake these woven pieces into a variety of garments.3 of 3 people found the following review helpful. Weaver daughterBy Mary A. E. H.It was a bit pricey, but the content is excellent. Actually intended for a gift. I think the recipient is pleased beyond my knowledge.1 of 1 people found the following review helpful. Five StarsBy JulieExcellent book, amazing weaving style.

Excellent source for understanding Saori process, looms, and patterns for making clothing from products you weave in Saori style weaving. there are notes on one pattern that show conversion from metrics to inches. Other than that book is in new condition. This book is autographed on inside cover by Misao and Kenzo
