A must read for sports parentsBy Greta WebsterA wonderful follow up to Jeff Potter's first book "Whatever Happened to Baseball" This book not only taught me about helping my child in baseball, it also made me want to be a better person. Highly recommend to anyone with children in sports.

"Saving Baseball" is a story which compliments Coach Potter's original book, "Whatever Happened to Baseball?"

While the first book spoke of the many issues with youth baseball, and sports, in today's society, his new writings give some answers to the problems which plague today's youth sports, especially baseball. Follow the book, and the steps, to saving baseball.
