(Read ebook) Silverplated Flatware, An Identification and Value Guide, 4th Revised Edition

## **Silverplated Flatware, An Identification and Value Guide, 4th Revised Edition**

**Tere Hagan : Silverplated Flatware, An Identification and Value Guide, 4th Revised Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Silverplated Flatware, An Identification and Value Guide, 4th Revised Edition:

0 of 0 people found the following review helpful. Five StarsBy joycebPerfect1 of 1 people found the following review helpful. THE silverplate pattern guideBy Ken JaffeeIf you are a collector and/or a dealer in silver plated flatware you simply have to have this book. Even with the internet you could spend literally hours trying to identify a piece and often fail. With this guide you can identify almost any American manufactured silverplated flatware within a few minutes, and have confidence you are correct. And, though the publisher/author may not like it known, you don't need to update this. The values are pretty meaningless but the identification remains the same. Once you have identified the

piece/pattern then you go to the internet if you want to see values. Buy it. Use it.0 of 0 people found the following review helpful. Five StarsBy CustomerThis book is exactly what I was looking for!

In this revised fourth edition, each pattern has current values for the fork, knife, and spoon with each illustration. Over 1,600 patterns are fully illustrated and include the date introduced, manufacturer's marks, and variations of pattern names. All values have been revised to reflect today's market. 2008 values.
