It shows different people without making it confusing, and soon after shows you how they tie in with the main story line. If you like fantasy books, this is a perfect choice. I would recommend finding the first book in the series (Mustapha and His Wise Dog) but you can still read it if you don't have access to the first book. I liked this book because it gives you a glimpse into a magical world and makes it seem real. I can't wait to read the rest of the series!!

A curse condemns Prince Alban to love, lose, and search for the Lady Ursula, who is drawn into the lands of Morgeld, an evil sorcerer.
