Found it online for a great price and it arrived faster than I expected with just regular shipping. The copy that I received was actually in much better shape than the one from our library. Love it.5 of

5 people found the following review helpful. Spinning Dyeing the Natural WayBy A CustomerThis is a wonderful book written for the experienced as well as the novice spinner. It is a comprehensive teaching manual, showing how to prepare fleece, card and spin. Shows how to make your own drop spindle from any available materials. Also shows the different type of wheels and how to use them. Section on dyeing the wool from natural sources. The author teaches children how to do these things, so we as adults feel confident that we to can succeed.

Learn about spinning with spindles, spinning wheels, yarn preparation, dyeing with plants, various natural fibers, and weaving.
