[Read ebook] Standard Catalog of Farm Toys: Identification and Price Guide

## Standard Catalog of Farm Toys: Identification and Price Guide

**Karen Obrien : Standard Catalog of Farm Toys: Identification and Price Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Standard Catalog of Farm Toys: Identification and Price Guide:

0 of 0 people found the following review helpful. ok book  
By rogerit is an ok book for 2007. The only issue I saw was the pricing for all 1/64 scale implements were about the same ballpark #. At auctions, values were different and higher for tractors that were not overproduced like Deutz-Allis. Too low pricing not correct. Sorry just the facts I know.

Thanks!

By Lisa weber Very helpful book for any collector of farm toys.

Whether your loyalties are tied to John Deere, International Harvester, Case or any of the countless other farm implement companies, you will find everything you need to accurately assess your collection, and enjoy your hobby to the fullest, in this ultimate farm toy reference. It covers all sizes of farm toys from 1:8 to 1:64 scale, dating back to pieces from the 1920s, and identifiable through 5,000+ detailed photos and the 16-page color section. Sorted by original equipment manufacturer, with secondary market values and historical insights, this new edition sets the standard of excellence of toy farmers.
