However, this was going to be a gift for my 87 year of grandfather and the type was way too small for him to read and the pictures were very low quality and back and white. I was worried he wouldn't enjoy this book for that reason, so it was returned.1 of 1 people found the following review helpful. Another "must-have"By JayArrAnother "must have" - the other two are the Chevy book and the Chrysler book. Excellent history and, more important to me, excellent production numbers (statistics) upon which to base solid analyses. A

"must-have" for serious car buffs . . . 0 of 0 people found the following review helpful. Five StarsBy piotrgood as expected

The Standard Catalog of Ford delivers all the details you need to enjoy your hobby and love your Ford. Inside, you'll find information about all of the legendary Fords built from 1903-2002 . . . Mustangs, Thunderbirds, the Model T and A, Falcons, Fairlanes, Skyliners, and more. This fact-filled book provides collector-market values for Fords made during 1903-2002. It also gives Ford collectors the data they need to identify, buy, restore, and invest in collectable Fords, including: a current market price guide showing values in Old Cars Report Price Guide's comprehensive 1 to 6 grading scale; complete year-by-year model listings with history and technical details; thousands of photos for easy model identification; and option lists, engine information, original pricing, and production information.

About the AuthorJohn Gunnell is the inventor of the Standard Catalog format, and has compiled most of the catalogues published to date. He is a respected authority of collectible automobiles, a long-time collector, and has authored or edited dozens of books in his 30 years with Krause Publications.
