## Standard Catalog of Handguns

**Jerry Lee : Standard Catalog of Handguns** before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Catalog of Handguns:

0 of 0 people found the following review helpful. Poor condition 4 a new bookBy Burt NPages @ corners were bent back and as such it was more difficult to search quickly from page 2 page as this is used as a reference book.Seems 2 me that a NEW book should not be sent out in that condition or the packaging should B improved 2 prevent this from happening.0 of 0 people found the following review helpful. Full of information, but not always easy for find specific models.By Shawn SpencerThe way this book is arranged and indexed leaves a little to be desired. Other than that, it does give useful summations, however brief, on most handguns produced. I would recommend it as supplemental material for the serious handgun collector. Good luck.0 of 0 people found the following review helpful. Basic informationon a large number of handgunsBy Vernon LangeThis book has what seems like every modern handgun listed. The pricing may be outdated but can be used for comparison with other handguns. The information on each

handgun is limited. It would be helpful for someone buying or selling used handguns.

There's a reason the Standard Catalog of Firearms is known industry-wide as the reference on firearms. This year we bring it to you in a volume dedicated strictly to handguns, our new must-have, the Standard Catalog of Handguns. Year in and year out, we bring you more of what you need in the world of handguns! More photos, more prices, more handguns, handguns, handguns. This trusted sourcebook is your guide to the world's hottest collectible sidearms, along with what's current and trending in the firearms industry.

About the Author Jerry Lee (Mannington, WV) has more than 30 years of experience in the firearms publishing field. His experience includes the editing of numerous gun titles, including Guns and Rifle Shooter, and a variety of Guns Ammo and Shooting Times special interest publications and pricing guides.
