A must have itemBy Todd M. SmithIm looking to buy an AMC Jeep as a project vehicle. I need information on on Jeeps, and this book has it.0 of 2 people found the following review helpful. Great service!!!By Sarah 85This book was in excellent condition, the price was reasonable, and it got here in time for a birthday. Thanks

Jeep is an American icon. It maintains tremendous popularity with a half-million new Jeep owners each year. This catalogue covers every civilian Jeep model produced since the 1940s, with photographs, detailed technical

specifications, corporate and product development and historical notes. Coverage of specifications includes vehicle identification number decoding, original factory pricing, shipping weight, production total and engine transmission and chassis options. Special chapters discuss prototypes, specialty models, concepts cars and Jeep models built overseas. Collector prices for each model in six conditions are provided.

About the Author Patrick R Foster, a well-known automotive writer, is a noted authority on Jeep and American Motors. He previously wrote *The Story of Jeep*.
