David E. ArnoldJust a very nice reference book about 1:18 diecast cars - of which I own 30-some - their manufacturers and their retail values. I kept this book handy when I was amassing my collection of 43 cars, if for no other reason than to get a larger view of the product before I punched the "buy it now" button from a photo on a comparatively small screen.1 of 1 people found the following review helpful. OkayBy Larry HickenbottomThis book is filled with information that was what I wanted to know. I would recommend this book for anybody.

This identification and price guide features listings of 1:18 die-cast cars from manufacturers such as Ertl American

Muscle, Exact Detail, Kyosho, Mattell, Minichamps and many others.
