From Stanley Gibbons Publications : Stanley Gibbons Great Britain Concise Stamp Catalogue 2008 in Colour before purchasing it in order to gage whether or not it would be worth my time, and all praised Stanley Gibbons Great Britain Concise Stamp Catalogue 2008 in Colour:

Great Catalogue for British StampsBy Jorge GonzalezI recently purchased a used copy of the 2008 Stanley Gibbons Great Britain Concise Stamp Catalogue. For British Stamps, this is a much better catalogue than the Scott Catalogue, which is widely used in the United States. The price was very reasonable, at less than \$5.00.The photos are great and it has a more specialized treatment of the G.B. Stamps, specially the Arnold Machin stamps of Queen Elizabeth II.I highly recommend it, since most public libraries in the

U.S. do not have this excellent catalogue.
