[Free read ebook] Tri-ang Hornby - Vol 2 The Story of Rovex (Tri-Ang Series , Vol 2)

## Tri-ang Hornby - Vol 2 The Story of Rovex (Tri-Ang Series , Vol 2)

**Pat Hammond : Tri-ang Hornby - Vol 2 The Story of Rovex (Tri-Ang Series , Vol 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tri-ang Hornby - Vol 2 The Story of Rovex (Tri-Ang Series , Vol 2):

1 of 1 people found the following review helpful. The definitive book on this subjectBy J. M. FaulknerAs a boy the annual Tri-ang / Hornby catalogue was always much anticipated. I lived in England and Canada during the years covered by this book. This book both recaptures the excitement of a new Tri-ang introduction, while at the same time showing us as collectors how the models became reality. It also clarifies by documented information which models in particular are to be sought after for collection purposes. I would like one of each, please.Pat Hammond has certainly done an excellant job in researching the subject and anybody with any interest in Tri-ang / Hornby products will read this book from cover to cover; not once, but many times over.

This volume describes the period when Tri-ang Railways changed its name to Tri-ang Hornby and covers seven exciting years which saw expansion of the range both in the UK and abroad. Includes models made for the US and Canadian mar-kets, the Battle space series and origins of Tri-ang Wrenn. The story ends with the collapse of the parent company, Lines Bros. Ltd, and the acquisition of Rovex by another giant of the toy world - Dunbee-Combex-Marx.
