Tribal Art (DK Collector's Guides)

Judith Miller : Tribal Art (DK Collector's Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tribal Art (DK Collector's Guides):

Wonderful overviewBy Michael TaylorI frequently get to visit Papua New Guinea, and other parts of Oceania, and am blown away by the wood-carvings and other folk art of the region. I once brought a shield back from Watam, at the entrance to the Sepik - dressed it up in surfboard cover, and the airlines accepted it as one of my pieces of luggage.Anyway, I bought this book primarily as a guide to PNG art, but find myself delving into other sections. The pictures and descriptions are top notch. The indicated prices are unbelievable, although I guess I wouldn't know "museum quality" if it fell on my foot. Still, it makes me feel really happy about the knick-knacks I bring home.0 of 0 people found the following review helpful.
