Twice in Hell

Olatunji Ayodele Oluwaseyi : Twice in Hell before purchasing it in order to gage whether or not it would be worth my time, and all praised Twice in Hell:

1 of 1 people found the following review helpful. Wow! Wake up call heard loud clear!By Ethel KormanWow!What an amazing book! It really makes you stop and think about how much truth is In God's word how carelessly we treat it! Much time was spent describing the terror that he'll Will be and how easy it is for us to end up there!It made me stop and rethink my priorities. I want to spend my remaining days serving the Lord of Lords King of Kings, Jesus Christ!

Long and forever will I praise His name! Our preachers need to return to preaching on how to avoid He'll. It is as real as Heaven and needs to be talked about and avoided so people are really ready to meet the Lord at death not be cast into He'll.

This book attests to the realities of the afterlife, of punishment and reward, of salvation and damnation, of hope and despair, of light and darkness. It is a characterization of life after death. It is important for everyone who desires to spend eternity with God to incur the cost and invest the time to read this short story. My prayer for the reader is to have a good life and end it in the heavenly Jerusalem. Grace abound. Come Lord Jesus!
