Has lots of rare items in it., it's a fairly interesting book for the alien/UFO collector. I felt like it could have been better and had more pictures of items. I would recommend it because it's the only book out there about UFO collectables. It's fun to look at. There's lots of posters and signs listed. I wish there were more pictures of models and figures. 0 of 0 people found the following review helpful. Good general book on UFO and Alien By Mark McNamara Good general book on UFO and Alien Collectibles
