Review of Book on Soviet UniformsBy John ReynoldsI

purchased the book for a friend in Russia. I never saw the inside of the book personally, but my Russian friend was very happy with the book, so I would give it the highest ratings.

For the first time a photographic study of the Soviet uniforms from the Revolution, Civil War, Purges, and the Great Patriotic War. Hundreds of full color highly detailed photographs of actual uniforms are combined with period black and white photographs. Actual uniforms of Marshals of the Soviet Union, to private soldiers of all services are to be found in this extensive volume.
