[Free read ebook] Victorian Majolica (Schiffer Book for Collectors)

Victorian Majolica (Schiffer Book for Collectors)

Leslie Bockol : Victorian Majolica (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Victorian Majolica (Schiffer Book for Collectors):

Beautiful color photographs of hundreds of Majolica ceramics from the Victorian age and more historical research continue in this new study. The book traces majolica's roots and lists the manufacturers and their marks. Over 300 color photographs, taken in America and Britain, illustrate the high craftsmanship of majolica's nineteenth century potters. Artistic influences on majolica's designs are reviewed along with the evolving majolica markets England, America, Europe, and Canada. Specialty tablewares, decorative pieces, tiles, and the controversial greenwares all are included. The price guide is a valuable tool.

About the AuthorLeslie Bockol is a writer and collector from Southeastern, Pennsylvania. This is her third book on

ceramics, her second on Majolica.
