## Wade Price Trends 1997

**Ian Warner, Mike Posgay : Wade Price Trends 1997** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wade Price Trends 1997:

Much more than a price guide, this 160-page book has 24 pages of color showing older items not illustrated in the first two Wade books, as well as new items produced since the publication of Wade Book 2 in 1994. Features a 1996 price guide - in U.S. dollars and British pounds - for more than 3,000 items of Wade porcelain and pottery illustrated in Warner and Posgay's best-selling books, *The World of Wade* and *The World of Wade, Book 2*. Of special interest are updates on backstamps, U.S. Red Rose Tea premium figurines, Tom Smith Party Cracker figurines, and new information on designers. One section covers products made by Wade for The International Jim Beam Bottle and Specialties Clubs and Ringtons Limited. Buyers of the previous two Wade books will value this book-length update and supplement.
