Two StarsBy Patricia Stevensgreat information but did not realize the book is very tiny and in black and white.0 of 0 people found the following review helpful. Warmans Antique JewelryBy A. AtkinsThis is a good book FOR someone who knows what the heck they are talking about! The drawn pictures are way too simple to understand on the mechanisms and the rest of the photos are nearly all in black and white which don't help one bit. Waste of my money, wish I had purchased a book with all color photos and actual pictures of the mechanisms. The dating section is once again.....too simplified to really "Date" a piece.0 of 0 people found the following review helpful. Three StarsBy AnnonymousJust what I needed.
