## Warman's Bottles Field Guide

**Michael Polak : Warman's Bottles Field Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's Bottles Field Guide:

3 of 3 people found the following review helpful. Warman's Worthless Field/Price GuideBy crazy dogThis book/price guide is virtually worthless. Yes, it does cover a selection of bottles; from "Avon" bottles to "Whiskey" bottles. With the emphasis on Alcohol bottles, this category is probably more informative/covered than any other of the category's of bottles listed within this book. There is a moderate amount of pictures, but most all of the pictures/bottles, one will never find, either by digging or spending HOURS on ebay and other internet sites.(with the exception of the pics alone on the internet) The book is okay for finding a price on a bottle that is very rare or prices on alcoholic bottles, but other than that, one most likely wouldn't get much use from this book/price guide. Approximately 425 pics/price guide pages.1 of 1 people found the following review helpful. Surprise! This book is teeny tiny!By E. NoriegaFirst things first. If you haven't read the physical description for this book, you may be inclined to think that it's a regular size book. It's not. It's a very small book you could probably fit in your pant pocket. This is a really stupid complaint and I know it. But since the book is so small, it doesn't contain nearly as much information as I'd hoped. Truth be told, I was hoping this would be a good book for someone who is just beginning to collect bottles. It has a few pages upfront on

the hobby, but not nearly enough. The book still has some very good information in it, and perhaps if my interest in this hobby grows to more eclectic bottles it will be very useful, but for now, it's just a very little book sitting on my bookshelf. 1 of 1 people found the following review helpful. This seem better than what I expected By Cheryl got exactly what I was wanting. This seem better than what I expected. Will order from this selling again when I need more.

The take-it-with-you collecting resource...America's favorite pocket-sized guide helps you identify, value, buy and sell bottles like a pro. \* All new photos and listings, plus five new chapters: \* Crocks and stoneware \* Food and pickle bottles \* Ginger beer bottles \* Mineral water bottles \* Soda fountain syrup dispensers \* 300 color photos and 1,500 listings with current values \* Tips for identifying, buying and selling bottles \* Top ten bottle collecting destinations, trademarks, glossary, and key bottle websites
