Warman's Duck Decoys

Russell Lewis : Warman's Duck Decoys before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's Duck Decoys:

Disappointing collection of auction house catalogue itemsBy Chippawa Books CollectablesThis is a very disappointing "catalogue" of no-so-recent aucton house catalogue photos and descriptions (some makers incorrectly identified) and a few batches of collections contributed from here and there. Anyone interested in St. Clair Flats, Ontario, Ohio and Michigan area decoys should definely save their money. Worse than Lucky's guides.

Just as valuable as a good bird dog is to a hunter, "Warman's Duck Decoys" is an essential tool for folk art collectors and skillful carvers with a passion for wooden, modern and factory decoys. To help collectors accurately identify and

assess these wooden treasures, this book: features more than 1,000 colour photos, collectors and artists alike will appreciate for the devotion to detail; contains tips for identifying decoys and spotting forgeries and techniques for restoring and repairing collectible decoys; and provides collectors with history and current pricing of prominent duck and goose decoys of the past century. This must-have guide serves two sides of collecting, the business interest and the appreciation of history.
