It looks good and formal, and it's what I want.But I also have to admit that it is not all that and a bag of chips, because the little states' flags on map are hard to take out for placing coins into it. What's more, once you put your coins in, it will hardly to take it off. so just be careful, find the right hole!In general I love it. After my friend saw it, she asked me to order two for her also.0 of 0 people found the following review helpful. love how you can put them on a mapBy MyNeat, love how you can put them on a map.0 of 0 people found the following review helpful. Great for the kidsBy ChesapeakeMomWe bought this to share with our children ages 3, 4, and 12. They love putting in the quarters we find and love to check our change for new ones. The map is colorful and a fun learning tool as well.
