Great Free Book on Coin CollectingBy Ed Pegg JrA whole slew of free books just got released about coin, stamp, and currency collecting, and they are all quite good. Warman's U.S. Stamps Field Guide Has collecting info and prices for US StampsWarman's U.S. Coin Collecting Purely about collecting, no pricesWarman's U.S. Coins Currency Field Guide Coin prices, and a small amount of collection infoWarman's Companion U.S. Coins Currency Mostly price listings.All four books are well-illustrated, and the extensive tables are all done well. There are many items in these books that are often botched in a Kindle conversion, but all four of these books are done well. There are two very similar books here -- Companion and Field Guide. Both of them have moderate collecting info, and prices for a wide variety of US Coins. I haven't seen a huge amount of difference in the info available in these two free books, so I'm not yet sure which to point out as the better book.0 of 0
