Watch and Clock Making and Repairing

W.J. Gazeley : Watch and Clock Making and Repairing before purchasing it in order to gage whether or not it would be worth my time, and all praised Watch and Clock Making and Repairing:

0 of 0 people found the following review helpful. a work of rare accomplishmentBy Harold Mayledon't waste your money buying similar titles for less money; this volume of 425 pages, 2ND EDITION being reviewed, is outstanding in coverage, illustration and clarity of explanation. if u need one book that covers both clocks and watches, both workings and repairing, in detail this is more than worth owning.7 of 33 people found the following review helpful. Another must-have for watchmakersBy MB - SoCaI said it in the title.If you can get this book- and you are any kind of craftsman- you will love it. I wated a month or so- and it was worth the wait.
