We Are Indie Toys: Make Your Own Resin Characters

Louis Bou : We Are Indie Toys: Make Your Own Resin Characters before purchasing it in order to gage whether or not it would be worth my time, and all praised [We Are Indie Toys: Make Your Own Resin Characters](#):

2 of 2 people found the following review helpful. Not What I Expected...By A. JohnsonThe title of this book is misleading. Although it does give a few hints on how to make your own resin figure, it DOES NOT adequately break it down step-by-step. Here you'll find pretty pictures with artist introductions and their technique tips. That makes it more of a coffee table book that is better purchased as a paper or hardback, and not a Kindle download as I did. If you are looking for detailed instructions on this subject matter I suggest you look else where.0 of 0 people found the following review helpful. Fantastic BookBy CustomerThis book is one of my favorites!It's full of amazing toy artists who share their experience in making their own toys with some helpful hints and photographs of how they do it.Though its not a step-by-step guide of how to make your own toys, its not something you should turn your nose up at if you're looking for inspiration or advice from other artists0 of 0 people found the following review helpful. Misleading book with pretty picturesBy Taylor W. LoveNeat book of other people's work but not informative or

helpful to anyone trying to learn how to make their own

The indie world is producing extraordinary toy characters but little is known about the designers creating them or the processes used to make them. *We Are Indie Toys!* profiles the most interesting toymakers and reveals how they turn their unique ideas into one-of-a-kind collectibles.

About the Author Louis Bou is an expert in the fields of art, graphic design, photography, and fashion, and is the author of more than forty books on these subjects. He has photographed models, artists, and actors, filmed and directed a music video for the Spanish band Alive, and is currently the photographer and art director for a feature film that will become a web series. In 2012, Louis opened his design studio, Mista Studio in Madrid, Spain.
