Helen Wilson, Al Wilson : Wilson's Coca Cola Price Guide (Schiffer Book for Collectors Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wilson's Coca Cola Price Guide (Schiffer Book for Collectors Series):

Lots of color photos, prices, and info on the items, etc. This book has a lot of items that are not in the Summers Cola price guides. Overall this is a great book. Its a older book but still worth buying as the prices don't really change that much from year to year overall. I give this book 5 Stars. Thank you.0 of 0 people found the following review helpful. This excellent reference for anyone interested in the wondrously broad range of Coca-Cola collectibles is now in its newly revised fourth edition! This book is filled cover-to-cover with approximately 2,000 bright, color pictures of the most sought-after Coca-Cola products ever made, from advertisements, trays, and bottles to haberdashery, jewelry, and amazing one-of-a-kind novelties, all with updated prices reflecting today's market. From its earliest offerings to a modern-day selection, Coca-Cola is well represented by this definitive text, which includes many of the rarest pieces from within the Coca-Cola Company's own archives. A useful and gloriously beautiful book!
