Cornelie Holzach : Winfried Kruger: No Title (German and English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Winfried Kruger: No Title (German and English Edition):

Winfried Krger (born 1944) belongs to that generation of jewellery artists who witnessed the birth of avant-garde jewellery in the 1960s. The skilled goldsmith liberated himself from precision, fineness and other virtues of his craft in order to allow free rein to his creativity. For Krger jewellery is ever-present. From the tread of a shoe via the launch pad of a firework to the set of a science fiction film - he finds inspiration in all of these things. Translated into metal, extraordinary artworks are then created, which in the examination of ideas, form, materiality and surface show a modern, innovative understanding of jewellery, which he has imparted to his students over twenty years as lecturer at

the technical college for design in Pforzheim. Nonetheless, Winfried Krger has, as far as publishing his work is concerned, played hard to get. For the very first time the now available monograph presents the artist's work in a comprehensive retrospective, whose focus rests on the work from the last twenty years. Winfried Krger is represented in numerous prestigious museums and collections, including Schmuckmuseum Pforzheim (DE), Designmuseum, Helsinki (FI), Museum fr Kunst und Gewerbe Hamburg (DE), Stedelijk Museum's-Hertogenbosch (NL), Muse des Beaux Arts de Montral (CAN), Die Neue Sammlung - The International Design Museum Munich (DE), Galerie Marzee, Nijmegen (NL), Muse de design et d'arts appliqus contemporains, Lausanne (CH). Text in English and German.
