**Alwyn Coates : Winsome Warriors** before purchasing it in order to gage whether or not it would be worth my time, and all praised Winsome Warriors:

I begin to think that the Brits' idea of the pin-up is infinitely superior to what we crass Americans have to offer. Beautiful faces and unabashed sexiness, but only a true prude would call any of this pornography. If it's erotica, it's very cute and charming erotica indeed. Right down to the clever title, I call this a standout.0 of 0 people found the following review helpful. Lovely bit of stuffBy Anthony GenualdiI actually got the second book before this one. These are some hot girls and they look so pretty, with the outfits they're, eh, sort of wearing. If you enjoy tastefully done pics of attractive models, and can recognize the uniforms, going from the 1600's to the 1990's, then get this book. If you're too uptight, then I'm sorry for you.

The one that started it all. Young ladies sporting not much military clothing.
